

Hand-Held Remotes (Flat Profile)

Stylish, modern appearance, with a luxurious piano lacquer finish in black or white, Motolux hand-held remotes come in single and multichannel formats for complete versatility. These remotes also include the Show/Hide channels function, which allows unused channels to be disabled for simpler operation.

Instructions to Hide / Show / Unlock Channels

1. Press briefly (very quick push) the setting button found on the side of the remote control. The channel number will start to flash.
2. Use the left/right selection buttons to scroll through the channels from 1 to 16.
3. Go to the channel that you wish to Hide or Unhide.
4. Press the STOP (middle) button to unhide or hide a channel, you will notice the channel number will flash rapidly indicating that channel is now hidden or the channel will Flash Slowly to indicate that it is visible.
5. Press briefly (very quick push) the setting button found on the side of the remote control to exit the setting mode.

Motolux creates world-class motorisation products and systems, dedicated to window covering markets worldwide. Designed to enable fully integrated motorisation solutions, Motolux products are suitable for commercial or residential use. Our product range is streamlined to simplify the process of manufacturing, installation and ongoing maintenance of all major types of motorised window covering products.
